YUKON COLLEGE

Daycare Essential Skills

The Daycare Essential Skills Training Program is designed to increase the effectiveness of early childhood skills and parenting in the community of Mayo. It will deliver 10-12 weeks of training for care givers, parents, people interested in early childhood care and people who may be interested in working with children. If you are interested in this training opportunity contact the campus at 996-8800 for more information.

Construction & Maintenance Program

The Construction and Maintenance Training Program is being created to help support the opportunities being created in the construction industry around the community of Mayo. This program will provide you with baseline skills in plumbing, construction, electrical, heating, and construction scheduling. If you are interested in taking advantage of the employment being created in the construction industry around Mayo give the campus a call at 996-8800 for more info.
