
JOB POSTING – Cook

Posted date: May 16, 2017

Metallic Minerals Corp. will be conducting an exploration program at its Keno-Lightning and McKay Hill properties during the 2017 field season and requires a cook for its staff house in Keno City. The crew will be using the historic Bottlehouse as its base of operations and the meals will be prepped and served there. The position reports to the Senior Geologist.

Terms of Employment

- Anticipated Start Date: June 6, 2017
- Approximate end date: September 15, 2017
- Rotation: 6 days on - 1 day off (approximately 4-5 hours per day)
- Transportation assistance can be provided

Job Tasks and Responsibilities

The cook will essentially be responsible for preparing dinner and its associated tasks for a crew of between 3 and 7 people, six nights a week.

- Prepare and complete a menu plan.
- Buy and deliver groceries.
- Maintain an adequate supply of snacks, beverages and baked goods.
- Ensure that supplies for breakfast and dinner are adequate to meet camp needs.
- Clean kitchen and dishes.
- Perform occasional housekeeping duties including cleaning of bathrooms and kitchen associated laundry.
- Ensure good hygiene in the work area at all times.

Job Requirements

- Minimum of 3 years cooking experience.
- Food Safe certificate.
- First Aid OFA Level 3 preferred.
