**Together Today for our Children Tomorrow**

March 8<sup>th</sup> from 1-4pm  
Kwanlin Dün Cultural Centre

You are invited to join us at the Kwanlin Dün Cultural Centre to share your thoughts about the successes and failures in our current school system. Through discussion and mixed media, let's create a First Nation School based on Traditional teachings, cultures, languages, modern day technologies and programs that ensures our young people learn and succeed in today's world.

*We encourage all Yukon First Nation community members: Elders, parents and youth, to attend this important gathering and give shape to First Nation education as we work towards building a common vision and unified platform on education.*

**WE WANT TO HEAR FROM YOU.**

**Your opinion is Important.**
