

CAREER OPPORTUNITY

Goldcorp is one of the world's fastest growing senior gold producers with operations and development projects located in safe jurisdictions throughout the Americas. A Canadian company headquartered in Vancouver, British Columbia, Goldcorp employs more than 15,000 people worldwide. The company is well-positioned to deliver sustained, industry leading growth and performance. We are able to do this because as a company we believe in safe production, acting ethically, respecting all our stakeholders, open communication, empowering others and innovation.

A Goldcorp career can take you from the far north of Canada to the plains of Argentina—and wherever you go, you'll find a vibrant, supportive, performance-driven culture, and consistent Goldcorp principles of sustainable prosperity, teamwork, workplace safety, environmental stewardship and respect for local cultures.

Nurse Practitioner

Whitehorse, Yukon

Reporting to the Director, Sustainability and HR, the Nurse Practitioner will offer the full scope of primary health care nurse practitioner practice and will be the primary response for medical issues and injuries on-site. Main focuses will be on reducing the medical aid frequency and intervening with employees/contractors in injury management. Promote and manage health and wellness in the workplace with on-site initiatives and using benefits carrier and extended assistance plan provider to its full potential.

Responsibilities

- Promotes the health and safety of all employees and contractors
- Ensures compliance in regulatory or company programs
- Provides direct comprehensive care to employees / contractors with specialized and complex needs
- Conduct medicals for new hires and provides medical coverage and drug and alcohol testing as required
- Collaborates and consults with the multidisciplinary team (local hospital professionals) to ensure comprehensive assessment, analysis, treatment planning and evaluation of employees / contractor's care
- Provides ongoing information to management team, fostering involvement, choice and autonomy, and contributes to the planning, initiating, implementing and evaluation of educational programs and learning resources for employees/contractors, family, staff and community
- Collaborates with, guides and supports management staff with challenging clinical situations, provides nursing consultation for clinical policy and practice, guideline development and implementation, collaborates with Nursing Management in the development, implementation and evaluation of clinical policy and practice guidelines
- Counsels and supports senior management and substitute decision-makers and families regarding modified work practices and consent to treatment issues as well as manages WCB claims and modified duty programs
- Supports and collaborates with communities through travel to and communication with community services and agencies to ensure appropriate utilization of specialized services in the facility and what is available outside the facility

Requirements

- Current license to practice as a Nurse Practitioner
- Bachelor Degree or Master's in Nursing, and successful completion of the Primary HealthCare Nurse Practitioner Certificate Program or similar
- 2- 5 years of experience as a primary healthcare nurse practitioner is preferred
- Proven leadership abilities with excellent oral, written and interpersonal skills
- Computer literacy
- Current membership in the Yukon Registered Nurse Association
- Demonstrated ability to assist patients, family members or other clients with concern and empathy; respecting their confidentiality and privacy and communicating in a courteous and respectful manner
