

When you speak...

I LISTEN

-I have a strong voice and I care deeply. But I also listen and carry forward issues strongly when representing our nation.

-I am fair, honest and strive for equality for all NND Citizens.

-Elders and Youth are key, and MUST be included in all aspects of our Government

-I am a STRONG advocate of NND Self-government and our Final Agreements

It's time:

Let's do this...

TOGETHER

Our future
is in your hands:

ON APRIL 24, 2019

(Advanced poll: April 10, 2019)

VOTE FOR HOPE

- *Honest
- *Hard worker

WHY VOTE FOR HOPE?

Since the signing of our agreements in 1993, I have felt a strong obligation to uphold all the rights that were fought for and passed down by all those who came before me.

I am a land claims baby, and I strongly feel that these agreements were written for me and all future generations that follow. They gave me my identity back. They gave me my culture back. They gave me my education and provided me great opportunity for me to get to where I am today.

I am proud to be NND.

I have been on a journey, directed by my ancestors, to contribute to our nation and work towards self-reliance, strong identity, and success for each and every one of us.

I feel a strong obligation to pay-it-forward— to share all that I have learned and to ensure that we build upon those agreements to be strong guardians of the land, waters, air, fish & wildlife. We must continue to defend our rights that have been rightfully ours since time immemorial.

Education and Experience

-Bachelor of Science Degree in Northern Environmental and Conservation Sciences through the University of Alberta

-Renewable Resource Management Diploma with Honours through Yukon College

-over 12 years working in various capacities from technician to management with ALL levels of land claims entities: NND, Ta'an, Yukon Government, Yukon Land Use Planning Council, Yukon College, Yukon Research Centre and a strong understanding of collaboration and why we must all work together towards a common goal

-over 5 years of board experience, including Chair- NND Business Trust and Co-chair Mayo Renewable Resources Council

-managed budgets over \$1 million dollars

-excellent reading, comprehension, legislative interpretation, critical and analytical skills;

-avid hunter, fisher, gatherer: I truly believe this our way of healing and we MUST protect the lands intact for future generations

It is time to pass the torch for the next generation to step up and carry on the work of past generations.

If elected, I will focus on...

-Long term planning for programs, services and resource needs based on population size of Citizen membership

-continued restructuring of our government so it benefits all NND Citizens

-better aftercare for everyone struggling with addictions

-showcasing what we should be proud of and instilling PRIDE into our community

-ensuring culture, language and heritage teachings are included into all aspects of NND day-to-day business in and outside of the work environment

-ensure that Citizens are able to continue to practice their rights within NND Traditional Territory, asserted lands and overlap areas

-strive to develop a stronger and more diverse economic base which benefits ALL of NND

-collaborate not only with NND Council but all governments in the best interest of NNDFN as a nation
