**RESEARCH APPLICATION**

For all research conducted on the Traditional Territory of the First Nation of Na Cho Nyak Dun (FNNND), it is expected that a completed Research Application be submitted to the FNNND at least 45 days before the start of the project. Please submit this completed form to the Director of Lands and Heritage (lands.director@nndfn.com) as well as Lauren Baranik (lauren.baranik@nndfn.com).

Once your Research Application has been reviewed, you will be contacted by the FNNND. FNNND prefers collaborative research projects to address community priorities. Due to capacity issues, the FNNND may not have the ability to collaborate with all potential researchers who wish to conduct their research on FNNND's Traditional Territory. The FNNND expects that before the start of your project, you will sign and submit the FNNND's Research Agreement to FNNND. If the FNNND reviews your Research Application and does not approve of the research you are proposing, they will notify you and expect that you do not engage in your research on FNNND's Traditional Territory. If you have any questions about the Research Application, please contact the Lauren Baranik (lauren.baranik@nndfn.com).

APPLICANT INFORMATION

First name:		Last name:	
Mailing Address:		Postal Code:	
Email:		Phone:	
Are you a member of the First Nation of Na Cho Nyak Dun?		Yes	No
Is this your first Research Application with the FNNND?		Yes	No
If you answered no to the above question, please list the Project Title(s) of the previous project(s) that you submitted to FNNND under a Research Application:

ADDITIONAL INFORMATION**Please provide a Project Proposal with the following information:**

1. Project Title Page (with Project Title and name and institution)
2. Proposed timeline
3. Thesis statement or outline of the purpose/objective of the research project (including an outline of your field work activities, transportation, emergency check-ins, etc.)
4. Outline if and how FNNND Traditional Knowledge will be relied on and how it will be acknowledged and verified in the final reporting
5. Outline of how this project could benefit the FNNND and/or build on past projects as well as potential areas for follow-up research
6. Proposed research plan and methodology (including what information will potentially be gathered (i.e., interviews, lab samples, artefacts, etc.))
7. If you will be interviewing FNNND Citizens, please provide the consent form, list of questions, and methods you will be using and an outline of how you will be contacting and compensating Citizens
8. Outline if there is any access to information legislation that the interview information could be subject to.
9. Outline of how OCAP will be incorporated (<https://fnigc.ca/ocap-training/>) in your research, indicating how research will be owned, controlled, accessed, and possessed by the FNNND
10. Outline of where and how information/samples/items/data will be stored
11. Outline the expected final products and how they will be shared with the community/FNNND
12. Information on past projects that you have done in the north working with a First Nations
