## ✓ WHAT IS HAPPENING:

NND entered into its Self-Government Agreement over 30 years ago and has enacted several laws since then. A review of NND laws is underway to ensure the laws remain aligned with NND priorities, practices, and principles.

## ✓ WHY PARTICIPATE:

Your input is key – it allows the updated laws to reflect your priorities.

## ✓ HOW DOES IT WORK:

For each law, we'll seek your feedback on what changes you would like to see in the law, if any. That feedback will inform drafting of an updated law, which will then be presented to NND citizens for additional feedback and, eventually, approval.

***“Our laws come from the land. If you  
listen to the land, it will teach you.”***
