

First Nation of Na-Cho Nyäk Dun EMPLOYMENT OPPORTUNITY

COMPETITION #: 9130-26-322-23

Position: ENVIRONMENTAL WATER TECHNICIAN

Department: Lands, Resources and Heritage

Location: Government House, Mayo, Yukon

Status: Regular Indeterminate

Hours: 75 Hours Bi-Weekly

Posting Date: January 19, 2026

Closing Date: January 30, 2026

Job Description: <https://www.nndfn.com>

THE OPPORTUNITY

This is an opportunity to support and deliver environmental programming (for example, water chemistry and flow, fisheries, wildlife and vegetation) that supports decision-making to protect the lands and waters within FNNND's Traditional Territory. This includes collection and analysis of environmental data, data organization and interpretation, and reporting findings to FNNND, stakeholders, the Yukon Government and federal agencies. This role supports the Department's stewardship of FNNND's Traditional Territory and various long-term initiatives by providing technical environmental support. The incumbent requires strong wilderness travel skills and a willingness to be in the field across all seasons.

THE PERSON

This position is for someone who has good people and customer service skills, with the ability to communicate clearly in person and in writing using tact and good judgement directly supporting FNNND's ability to steward and protect the natural environment in accordance with its laws, agreements and community priorities. Accurate monitoring, documentation and reporting are essential to informing decision-making, compliance oversight and environmental management. This person has the ability to work in an office and cross-cultural team environment with minimum supervision and has strong organizational skills and the ability to stay focused and on track with the ability to handle confidential or sensitive information appropriately.

QUALIFICATIONS

This person attains a degree, diploma or certificate in environmental studies, science, resource management or a related field, along with 2–3 years of experience working in a lands and resources management setting (preferably in a First Nation government); an equivalent combination of education, work experience and on-the-job training may be considered. Experience may include applying and working with environmental management legislation and regulatory regimes (Federal, Territorial and First Nation) in the Yukon, working with the Government of Canada and the Government of Yukon on environmental and/or resource management matters. Knowledge and understanding of FNNND and CYFN structures and role in national issues and of FNNND culture, governance and community is an asset.

ANNUAL SALARY RANGE: \$78, 596.00 - \$103, 774.00 Annually [\$40.16 - \$53.04 /hr]

The FNNND offers a competitive benefits package including shared pension contributions, extended health, and dental plan.
