

Annual Home Inspections

Hi everyone,

NND Housing would like to respectfully inform all residents that we will begin our annual home inspections in June. These visits will involve a general walkthrough of each home to ensure the safety and well-being of our community members, as well as to identify any service needs. This process also helps us plan for future maintenance work in a thoughtful and responsible way.

If you have any concerns or requests, we encourage you to share them during your inspection so they can be reviewed and considered through our approval process.

We expect to begin in June and complete inspections by July. Please note that urgent maintenance needs and emergencies will continue to be addressed as quickly as possible. Larger projects and renovation requests will follow our standard review and approval process.

We appreciate your cooperation and thank you for helping us care for our homes and community.

Mussi,
Daniel Pictin, Capital & Infrastructure Director
