

# LAND VISION DEVELOPMENT WORKSHOP

Tekwänt'e Män

Please save-the-date and join us at Tekwänt'e Män (Ethel Lake) from **August 4-6, 2026** for a Land Vision Development Workshop.

## WHAT IS A LAND VISION?

The Land Vision is a process and document that guides how FNNND cares for the territory and participates in land planning. Drawing on decades of Citizen input and Elders' stories, it combines our ancestors' foresight with future aspirations to guide land stewardship. This work strengthens FNNND's role in environmental assessments, land use planning, and cumulative effects, and will include further Citizen engagement to ensure it accurately reflects community values.

**More details to come shortly, but please mark your calendars.**

Contact Tess McLeod – [Tess.McLeod@nndfn.com](mailto:Tess.McLeod@nndfn.com) or Joella Hogan [JoellaLHogan@gmail.com](mailto:JoellaLHogan@gmail.com) for more information or if you are interested in attending.
