The Dawson Regional Land Use Plan

Final Recommended Plan

Tr'ondëk Hwëch'in and the Government of Yukon are seeking feedback on the Dawson Regional Planning Commission's Final Recommended Dawson Regional Land Use Plan (Final Recommended Plan).

The First Nation of Na-Cho Nyäk Dun is an affected First Nation, as a portion of the FNNND Traditional Territory is with the planning boundary.

There will be additional opportunities for FNNND citizens to engage and provide input on the Final Recommended Plan in the coming months. We encourage all FNNND citizens to participate in upcoming public engagement opportunities.
